### Opis produktu

Perfect for electrosex beginners!

The Mystim Pure Vibes is a reliable starter device for neverending stimulation from soft tingling, rhythmic pulsating to sensual thrusting, depending on the mode chosen. There are no limitations concerning your imagination and joy of experimenting. Because there are 2 channels, even 2 toys can be employed simultaneously - for more fun alone or as a twosome. In addition to the modes which can be set manually, there are also 3 preset programs. With the Mystim Pure Vibes, anything is possible - from soft to rough.

Product information:

- \* 2 separately controllable channels
- \* 3 programs for the satisfaction of individual needs, from tender and intense to hard
- \* intensity, impulse width and frequency are mainly individually controllable
- \* plug rotatable 360° to prevent cable break
